

QABA Supervision Log

Participant (supervisee) name: _____

Credential: _____

Supervisor name and credential #: _____

ABAT/QASP-S: Required to meet with his or her supervisor for 5% of the time they provide behavior analytic services every 3-month period.

QBA: The QBA requires 1,500 hours of fieldwork with 5% supervision (75 hours). 900 hours must be in a supervisory role or program development. Up to 600 hours may be 1:1 direct care, but direct care hours are not necessary for the 1,500 hours.

QASP-S: For the first 1000 hours of fieldwork, the QASP-S is required to meet with his or her supervisor for 5% of the time they provide behavior analytic services every 3-month period. After certification, a rate of 2% minimum is required upon supervisor discretion. Supervision may be performed remotely using a QABA-compliant video conferencing program; however, one contact must be one-to-one in-person for a minimum of 1 hour every month.

QBA CANDIDATE: Required to meet with a supervisor for 5% of their initial 1500 hours of fieldwork providing behavior analytic services. Once certified, continued supervision is not required as the QBA is an independent practitioner.
